Graduated in Advertising, I have been working as a photographer for over 17 years and I specialized in motorsports photography, which I have been photographing for 10 years.

Among my main jobs, I highlight the photographic coverage of the tests of Le Mans SP 6hs SP (FIA WEC), Porsche GT3 Cup, Mercedes-Benz Challenge, Endurance Brasil, Superbike Series Brasil, Fórmula 3 Brazil, Stock Car, Formula 1600 and Formula Academy (official photographer), Classic Cup, Formula Truck and other categories. Besides that, I have been hired by several pilots and press offices to record many sports events.

My portfolio also includes photos of projects of architects and decorators (residential and business), institutional photos (clinics, offices, commercial establishments), corporate events coverage (talks, workshops, meetings) and journalistic, and still life.

My language and vision as a photographer is the result of my professional experiences, trips, (Prague, Milan, Barcelona, Quebec, Melbourne, Lisbon, among other cities), and visits to the main touristic spots, art galleries and museums of cities such as New York, Rome, Paris, and Santiago.
